

ClearSight Training: Reporting

2023-2024

Support Resources

- ▶ **ClearSight Portal**
 - ▶ Training slides
 - ▶ User manuals
 - ▶ Quick guides for common actions
 - ▶ and much more!
- ▶ **ClearSight Help Desk** (via “Contact Us” page)

Reporting Topics

The Basics

- Log in to Reporting & Understand User Roles
- Dashboard Generator Page & the Dashboard
- Performance on Tests Report
- District, School, Teacher, and Student Reports
- Print and Export Data
- Generate Individual Student Reports (ISRs) & Student Data Files
- Use the Longitudinal Report and the Demographic Breakdown Report

More Advanced

- Tests with Reporting Categories
- View and Interpret Writing Dimension Measures
- Work with Interim Reports—Their Items, Rubrics, and Scoring Essentials
- Change Reporting Time Period
- Manage Test Reasons
- Create a Roster

Understand Different User Roles

User	Which Students Appear in Your Reports	Filter Options	Aggregate Comparisons Available
Teacher	All students in your classes who have completed assessments	By class roster	Your students School District State (if available)
School	All students in your school who have completed assessments	Select a teacher, then by roster	Your school District State (if available)
District	All students in your district who have completed assessments	By school	Your district State (if available)

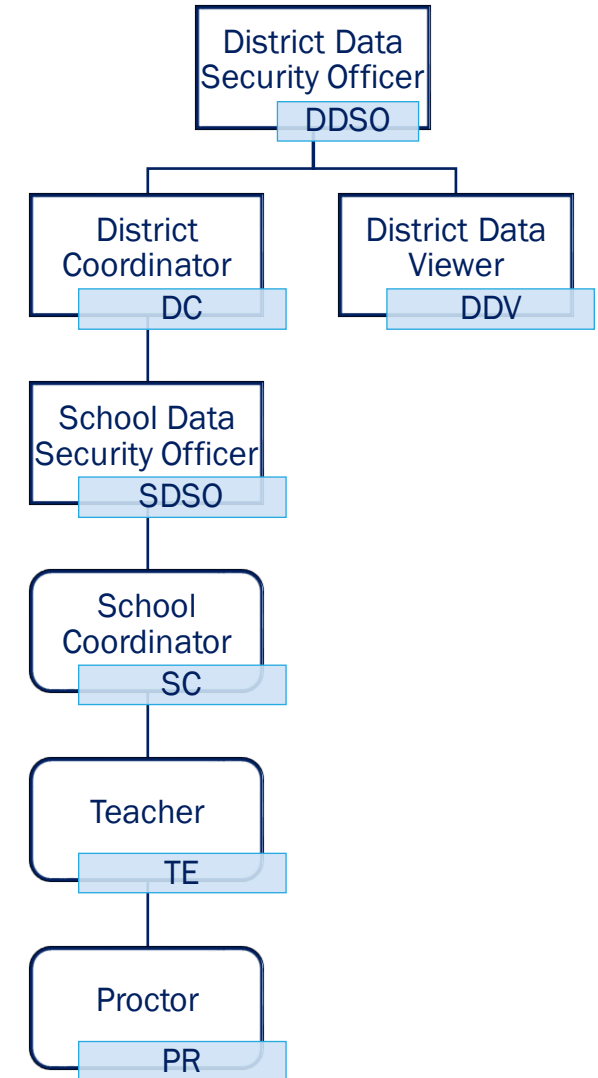

User/Data Access to Reporting

Reporting data is based on your user role in *ClearSight*:

1. District Users can see all data in the district.
2. School Users can see all data in the school.
3. Teacher Users can see all data for:
 - A. Students rostered to them;
 - B. Students to whom they administer tests.

Dashboard—Filters Panel

The screenshot displays the Cambium Assessment Reporting dashboard. The main content area is titled "Performance Distribution, By Test Group: IN Demo District, 2023-2024" and is filtered by "Test Reasons: All Test Reasons" and sorted by "Date Last Taken". The dashboard features several test group cards, each with a bar chart showing performance distribution. A "Filters" panel is overlaid on the left, allowing users to filter by Test Groups (End-of-Course, Formative, Interim, Survey, Authored Tests) and Test Reasons (All Test Reasons). A "Dashboard Generator" menu is also visible, with "Dashboard" selected. The right sidebar contains "Features & Tools" including Reporting Options, Download & Print, Test Options, and Roster Settings.

How Does Your Child's Score Compare?

Name	Average Scale Score
Demo State	2465 ± 1
Demo District 9999	2484 ± 25
Demo School 9999	2489 ± 38

Information on Standard Error of Measurement

A student's score is best interpreted when recognizing that the student's knowledge and skills fall within a score range and not just a precise number. For example, 2300 (±10) indicates a score range between 2290 and 2310.

Lexile® Information

The Lexile® Framework for Reading is a scientific approach to reading and text measurement. There are two Lexile measures: the Lexile reader measure and the Lexile text measure. A Lexile reader measure represents a person's reading ability on the Lexile scale. A Lexile text measure represents a text's difficulty level on the Lexile scale. When used together, they can help a reader choose a book or other reading material that is at an appropriate difficulty level.

Detailed ISR

Your Child's Progress

Longitudinal Trend Chart Information

The chart below reports your child's performance over time. The shaded areas in multiple colors indicate the scale score range in each achievement level. Each mark on the graph represents your child's score and indicates whether he or she met the standards that year.

How Did Your Child Perform on Each Test Question?

Geometry		
Question #	Standard	Points Earned/Points Possible
8	Partition shapes into parts with equal areas. Express the area of each part as a unit fraction of the whole ($\frac{1}{2}$, $\frac{1}{3}$, $\frac{1}{4}$, $\frac{1}{6}$, $\frac{1}{8}$).	0/1
31	Understand that shapes (e.g., rhombuses, rectangles, and others) may share attributes (e.g., having four sides), and that the shared attributes can define a larger category (e.g., quadrilaterals). Recognize and draw rhombuses, rectangles, and squares as examples of quadrilaterals. Recognize and draw examples of quadrilaterals that do not belong to any of these subcategories.	0/1

Measurement and Data		
Question #	Standard	Points Earned/Points Possible
9	Tell and write time to the nearest minute from analog clocks, using a.m. and p.m., and measure time intervals in minutes. Solve real-world problems involving addition and subtraction of time intervals in minutes.	0/1
17	Find the area of a rectangle with whole-number side lengths by modeling with unit squares, and show that the area is the same as would be found by multiplying the side lengths. Identify and draw rectangles with the same perimeter and different areas or with the same area and different perimeters.	0/1
22	Generate measurement data by measuring lengths with rulers to the nearest quarter of an inch. Display the data by making a line plot, where the horizontal scale is marked off in appropriate units, such as whole numbers, halves, or quarters.	0/2
24	Find perimeters of polygons given the side lengths or by finding an unknown side length.	0/2
28	Tell and write time to the nearest minute from analog clocks, using a.m. and p.m., and measure time intervals in minutes. Solve real-world problems involving addition and subtraction of time intervals in minutes.	1/1

School Year: By default, data are shown for all years. Selecting a date, such as “2022,” will filter the results for the 2022–2023 school year results.

Test Reason: Most helpful for numerous interim and benchmark tests that can be screened by category, omitting those you do not need to see..

Test Label: Deselect the names of the tests you don’t need to see.

Date	Test Label	Test Reason	Overall	Overall		Language	Listening Comprehension	Reading Informational Text	Reading Literature	Writing
				My Student's Score	My Student's Performance					
8/4/2022	Interim: ELA Grade 3	Unassigned		157 ± 41 <i>i</i>	Below Proficient					
9/19/2023	Interim: ELA Grade 3	Fall		385 ± 22 <i>i</i>	Proficient					

Longitudinal Reports—Ways to Customize

- Results from current and previous school years
- Filter options: school year, test reason, test label

INDIVIDUAL REPORTS

- Multiple instances of the same test (interims and benchmarks)
- Related tests (typically related by standard and determined by school/district administration)

GROUP REPORTS

- Students who completed the same test multiple times (interims and benchmarks)
- Students who completed related tests

Reporting Category: FRA: Fractions

Cluster: FRA|5.NF.B: Apply and extend previous understandings of multiplication and division to multiply and divide fractions. (Fractions need not be simplified).

Standard: FRA|5.NF.B|5.NF.5: Interpret multiplication as scaling (resizing).

Sub-Standard: FRA|5.NF.B|5.NF.5|5.NF.5a: Comparing the size of a product to the size of one factor on the basis of the size of the other factor, without performing the indicated multiplication.

Read the opening passage of the novel *Jacob's Room*, by Virginia Woolf, below, and write a paragraph explaining how the opening sets the tone for the rest of the book.

"So of course," wrote Betty Flanders, pressing her heels rather deeper in the sand, "there was nothing for it but to leave."

Slowly welling from the point of her gold nib, pale blue ink dissolved the

Condition Codes

Condition Code	Source of Code	Description
Insufficient Text (Duplicated Text)	Machine	The response contains a significant amount of repeated text.
Blank	Machine	The student did not enter a response.
Insufficient Text (Too Few Words)	Machine	The response contains too few words to be considered a valid attempt.
Non-Scorable Language (Uninterpretable Language)*	Machine	The response is in a language other than English or Spanish. Resolution is required.
Insufficient Text (Copied Text from the Prompt)	Machine	The response is largely composed of text copied from the prompt.
Off Topic	Human	A writing sample will be judged off topic when the response is unrelated to the task or the sources or shows no evidence that the student has read the task or the sources (especially for informational/explanatory and opinion/argumentative).

Roster Manager

Add Roster

Find and Select Students

Search for students to add to your roster by using **Student Search** to find specific students or groups, or use **Quick Roster** to quickly build a complete roster.

A roster works best with about 30 students, although you can have up to 500 active students on each roster.

Set at least one search field to create a quick roster.

How Can I Get More Information?

You can contact the Help Desk for assistance with any technical issues you encounter.

When contacting the Help Desk, please be ready to provide the following:

- Any error messages that are appearing (including codes)
- Your operating system and browser information
- Your network configuration information
- Your contact information for follow-up by phone or email
- Any other relevant information, such as test names or content areas, student IDs, session IDs, and search criteria

For test administration or policy issues, please contact your District Test Coordinator.

You can find more announcements on your assessment portal.
